Introduction

VET Student Loans (VSL) is an Australian Government loan scheme for the vocational education and training sector. VET Student Loans assist eligible students to pay their tuition fees for eligible qualifications whilst studying at South West TAFE.

These Guidelines specifies how students will have their academic suitability assessed to meet the VET Student Loan requirements, and ensure that before enrolling a student into a VSL eligible course that meet the course entry requirements.

Scope

These Guidelines apply to students enrolling in Diploma and Advanced Diploma qualifications at South West TAFE intending to take out a VET Student Loan. A full list of qualifications offered by South West TAFE eligible to access for VET Student loans is available on our website – www.swtafe.edu.au/students

Academic Suitability and Entry Requirements

There are two stages to Academic suitability and entry requirements:

Stage 1: Pre Training Review & Student Selection
"Academic suitability" is assessed through the pre-training review and student selection processes that occur prior to any enrolment taking place. All students enrolling in a VSL eligible course (even if they are not accessing VSL) **must** complete this stage.

Prior to being enrolled into the VSL eligible course, we must reasonably believe that the applicant is academically suited and displays competence for the course requirements including meeting any of the set entry requirements.

As per the *BP-002 Pre-Training Review (PTR) Business Process*, every applicant will complete a Pre-Training Review *prior to* enrolment. The PTR will include a determination of current competencies (including literacy and numeracy skills) and address any course specific entry requirements.

The PTR takes the form of an active discussion between the teacher and the applicant as part of the enrolment process. It is conducted with honesty and integrity, and engages the applicant on a range of issues with the aim of ensuring suitability of the proposed training.

The PTR process obtains enough information to allow a determination that the Institute "reasonably believes" that the student is or is not academically suited to the course and displays the required competencies to undertake the course.

Stage 2: Additional VET Student Loan Requirements:
The second stage of the Academic Suitability for a student accessing VET Student Loan is to either

- provide a copy of their Senior Secondary Certificate of Education (Year 12) that has been awarded to the student by an agency or authority of a State or Territory, or
- provide a copy of evidence that they have successfully completed an Australian Qualifications Framework (AQF) Certificate IV or higher qualification (where the language of instruction is English), or
- complete an approved language, literacy and numeracy (LL&N) assessment administered by South West TAFE and is assessed as displaying competence at or above Exit Level 3 in the Australian Core Skills Framework (ACSF) in both reading and numeracy

The Course Coordinator is responsible for formally communicating the applicant's results of their LL&N test to them as practicable after the assessment. LL&N test results are retained by South West TAFE for at least five (5) years after enrolment and will be made available to the Commonwealth Authority on request.

Where the applicant's **does not achieve** competence at Exit Level 3 ACSF then they will be referred the Learning Support Unit who will provide access to support services to address the identified gap. This does not stop the applicant from enrolling

in the nominated course; however they **will not** be able to access VET Student Loan to pay for the tuition fees, until the required level of competency for LL&N is achieved.

Note: *The Victorian Curriculum and Assessment Authority (VCAA) can provide replacement certificates and results of Senior Secondary Certificate of Education (Victoria). There is an application process and a fee for obtaining replacement certificates. Visit the VCAA website: http://www.vcaa.vic.edu.au/pages/vce/results/replace.aspx*

Suitability to access a VET Student Loan

Results from the Pre Training Review, LLN Assessment and evidence of Year 12 or Certificate IV and above qualifications will used to assess an applicant's suitability and form a reasonable opinion that they *are* or *are not* academically suited to undertake the chosen course of study.

There may be occasions where it is recommended that an alternative qualification is undertaken. Where this occurs, the applicant will be referred to an Education Pathways Officer for career guidance and support.
