Statement

The South West TAFE Board is committed to the intentions and objectives of the Institute's Strategic Plan. The Strategic Plan documents strategies that best meet the needs and aspirations of the communities and Industries of South West Victoria and beyond.

The Board delegates responsibility to the Chief Executive Officer (CEO) to develop structures, processes, procedures and guidelines to carry out the Board's intent in relation to Organisational Corporate Intent of the Institute.

Ambition, Purpose and Values

We want to provide future focused education that creates a lifetime of opportunity and employability.

Our purpose is to deliver a modern and fresh approach to helping generations develop the skills they need for the futures they aspire to. For the communities and industries of South West Victoria and beyond.... new and emerging markets and do this collaboratively, cleverly, creatively and courageously.

Our values are to be people focused and put the customer first. To tailor our approach so every learner is successful and we exceed the expectations of every employer. Invest in our staff to keep them at the cutting edge of practice. To strive to exceed expectations in quality and excellence. Think boldly and find ways of doing things better – always! To distinguish ourselves and stand out from the rest and always act with integrity. We will constantly seek innovation through a dynamic approach, being responsive to our communities, collaborating with industry through fresh thinking and flexible and adaptive practices.

Risk Management

The Board delegates Risk Management to the Executive Manager Corporate Services. South West TAFE's Institute Management Group maintains the organisations overall Risk Management Plan supported by internal and external auditors and the Audit, Risk and Compliance Committee of the Board.
